Allies Mow Down, Roll Back Chinese; Beachhead Quiet

Frozen Bodies Of Foe Litter Defense Lines

Communist Soldiers Now at Standstill

Tokyo, Dec. 21—(AP)—The Hungnam beachhead lay quiet today after allied land-sea-air barrages mowed down and rolled back the Reds' most menacing attack on the perimeter.

Frozen bodies of Chinese and white-robed Korean Reds littered the snow-crust east flank of the United Nations defense ring where the attack was made.

Survivors Numbered
Communist survivors apparently were numbered to a standstill by the fury of 'round-the-clock bombardment Wednesday by allied warships, planes and land artillery.

Field dispatches reported the shattered survivors were thrown back from the point of gravest peril to the allied forces holding their last sliver of northeast Korea around Hungnam on the Sea of Japan shore.

Quiet also was reported on the western Korean front.

The U. S. Eighth army reported an ominous buildup of Red strength behind the western front. Heavy traffic, including freight trains, was spotted moving Wednesday

Rails, Unions In New Pact For 3 Years

Washington, Dec. 21—(AP)—The White House today announced a three-year peace pact between the major railroads and four operating rail unions.

The agreement provides: For 120,000 railroad yardmen—an immediate increase of 23 cents an hour, with another two cents on Jan. 1 and cost of living adjustments every three months beginning next April 1. The adjustments are to be made at the rate of one cent an hour for every rise or fall of one point in the government's consumers price index.

The 23-cent pay boost is retroactive to Oct. 1.

For about 150,000 road service workers—an immediate increase of five cents an hour, also retroactive to Oct. 1, and another five cents effective Jan. 1, plus the same cost of living arrangement.

The settlement was announced by Presidential Assistant John R. Steelman, who took over negotiations in the months-long dispute after the government seized the railroads last August to avert a threatened nation-wide strike.

Shirley Temple To Quit Movies; Life Honeymoon

San Francisco, Dec. 21—(AP)—Shirley Temple says she's quitting at 22 the movie career she began 19 years ago. "That's long enough. My only contract is to Mr. Black," she dimpled, giving her tail, new groom a hug. "And it's exclusive."

Charles Black, asked about the honeymoon they began immediately after their Saturday marriage at Monterey, replied: "Our honeymoon will last forever."

He added that he must resume his work at TV station KTTV in Los Angeles this weekend.

Winter Starts Tomorrow, It Says Here! So? Is That News?

Chicago, Dec. 21—(AP)—The winter season starts officially tomorrow—after more than a month of cold and wintry weather for most of the midwest and much of the east.

The cold weather continued today over much of the eastern half of the country and it was comparatively mild in the western half.

There was a below freezing line from the plains states to the New England region. There were a few sub-zero readings in the north central states.

Light snow fell in North Dakota.

Cawley Says LaSalle Gambling 'Wide Open'

Mayor, Police Don't Bother Him, His Claim

Senate Group Hears Gambler at Chicago

Chicago, Dec. 21—(AP)—Thomas J. Cawley told the senate crime committee yesterday he has "very little" interference from local authorities in the operation of his gambling establishments in LaSalle and Streator.

Cawley, one-time street car motorman and conductor, said he went into the gambling business in LaSalle 25 years ago. He said he and a partner, William Kelly, also of LaSalle, opened a modest establishment on a partnership basis in the town's business section.

Later, they moved into a three-story building where they operated three floors of gambling, two bars and a cafe. Kelly died several years ago, but the 55-year-old Cawley still runs the place under the name of Kelly and Cawley's. His Streator establishment is known as the Paddock club. It also has been in operation several years.

Taken Into Custody

Immediately after his testimony before the committee, Cawley was taken into custody by state's attorney's police for questioning but he was released several hours later. Police said the questioning revealed "virtually nothing."

During the questioning police said they talked by telephone with Police Chief Edward Kaspowicz of LaSalle who said Cawley was not wanted for any crimes.

Chief of Detectives Andrew Aitken had said before Cawley's detention that he wanted to question the gambler about Chicago horse race bookmakers with whom Cawley testified he sometimes "laid off" bets.

Cawley said he has "laid off" bets with a man named Dobkins and Al Cooper in Chicago. Ralph Watson, who Cawley said was "downstate," and William Kelly of Peoria. The witness said Kelly is "not operating now."

Nation's Pig Crop To Be Record, Claim

Washington, Dec. 21—(AP)—A record peacetime spring pig crop of 63,500,000 head was forecast by the Agriculture Department today. This crop will provide the nation's pork supply next fall and winter.

While six per cent larger than this year's spring crop of 59,997,000 head, the indicated production may not be big enough to satisfy civilian and military demands for meat under the defense program.

Many food officials think it will be necessary to place meats under price control and rationing by next summer.

Pork makes up nearly half the meat supply. Little increase is forecast for next year's supplies of beef, veal, lamb and mutton.

Shows Credentials To St. James Court

London, Dec. 21—(AP)—Walter S. Gifford took the traditional ride in a coach to Buckingham palace today to present his credentials as the new U. S. ambassador to the Court of St. James.

He was received by King George VI at noon.

REMEMBER THEM? They're the Grant Lawson triplets, now 14 months old. From left to right, Diana Bee, Karen Marie and Linda Lee and Firemen Edwood Cruse, Gail Keyser and Ed Pierce. The triplets stopped off at the fire station yesterday to see the Goodfellow-Firemen toy collection. Diana Bee was a little frightened by it all, but she finally got interested in a giant top, spinning in the foreground for all three of the girls. The triplets were born Oct. 2, 1949, the daughters of Mr. and Mrs. Grant Lawson, Lincoln avenue.

Russia May Strike Next Year, Charge

New York, Dec. 21—(AP)—

Robert P. Patterson, former secretary of war, said last night there is at least a 50-50 chance that Russia will strike an all-out blow against the west in 1951.

Patterson criticized the advice of Americans who would withdraw U. S. forces to our own shores as "the counsel of discouragement, despair and defeat."

In contrast to ex-president Herbert Hoover, who last night urged a policy of hemispheric defense with outposts in Britain and Japan, Patterson said:

"This is no time to withdraw our forces to our own shores. We will, I trust, do everything in our power to strengthen by men and weapons the armed forces in Europe under General Eisenhower, and the armed forces in the Far East under General MacArthur."

He spoke at a dinner of the interfaith in action committee.

Box-Cars of Christmas Mail Received Here, Says Arnould

Postal employees this morning began moving several tons of parcel post from the Henry Pratt building, Depot avenue, following the arrival of a full box car of packages Wednesday.

Postmaster Rae Arnould said today that shortly after the parcels are removed from the building another car will arrive loaded with Christmas packages.

Drop Car Here

Previous mail deliveries have been from railway mail cars passing through Dixon. However, Arnould was informed yesterday the system of dropping off entire box-cars here has been instituted for the Christmas rush.

A mistake in Chicago caused mail sacks for Sterling, Rock Falls and Rochelle to come in the Dixon car Wednesday. These were left in the car but the Dixon mail was sorted at the Pratt building.

Arnould said floor space in the building has been turned over to the postoffice department "for as long as we need it." This facilitates handling of the heavy shipments.

Unload in Building

If this floor space were not available all packages would have

Goodfellows Fund Reaches \$1,333 Figure

As far as the Goodfellow fund is concerned, Christmas is almost here, and the list of families which will benefit from the cash, checks and clothing is almost complete.

Contributions to date total \$1,333. There is still time, however, to make Christmas a little happier for kids who would otherwise go without toys, clothes they need and candy they like.

There's still time to bring donations to The Telegraph or the Chamber of Commerce offices. Wa-Tan-Ye members, sponsors of the 1950 Goodfellow fund, will accept cash donations up to and including Saturday.

The Goodfellows themselves will make their rounds Sunday morning. Here are the contributors to date:

See page 2 for list of Goodfellows contributors.

Reynolds Wire Gives Workers Increase of 6c

Reynolds Wire Division, National-Standard Company, announce an immediate voluntary wage increase of 6c per hour for all production and maintenance employees. The increase is being made with the knowledge and approval of Local Union No. 2085, United Steelworkers of America.

Special steps have been taken to include the increased rate in the wage checks being distributed tomorrow.

The Company took this occasion to express its appreciation for the cooperation given to the management by the employees and the Union.

'Arm to the Teeth for Defense,' Says Hoover; Opposes U.S. Troops for Europe

New York, Dec. 21—(AP)—Former President Herbert Hoover urged the nation last night to concentrate on fortifying the western hemisphere as a "Gibraltar."

He called on his fellow-countrymen to "arm to the teeth" to hold the Atlantic and Pacific oceans, with the island outposts of Britain, Japan, Formosa and the Philippines.

Mr. Hoover, speaking on radio and television, said it would be "sheer folly" to engage in land war with Communist hordes in Asia or the continent of Europe.

"Arm to the Teeth"

He urged the United States to "arm our air and naval forces to the teeth" to defend the "frontiers he laid out.

Hoover said the Communists

could never break through American sea and air power to invade the western hemisphere. "They can no more reach Washington in force than we can reach Moscow," he declared.

At another point, he expressed the opinion that the atomic bomb is "a far less dominant weapon than it was once thought to be."

The only living ex-president, making one of his most important addresses of his long public career, said "it is clear that the United Nations are defeated in Korea."

Fears 2nd Korea

It would be "inviting another Korea," he declared, "to send more troops or money to Western European nations before they had armed themselves as a 'sure dam against the Red flood.'"

Defense of Western Continental Europe rests primarily on the European nations themselves, the 76-year-old former chief executive told his audience across the nation.

"We have little need for large armies unless we are going to Europe or China," he said. Land war with the Communist masses in Asia or Western Europe "would be the graveyard of millions of American boys and would end in the exhaustion of this Gibraltar of Western civilization."

Europe Must Help

Hoover said Western European nations should arm themselves with combat divisions of "huge numbers" before the United States lands "another man or another dollar on their shores."

His demand for a new foreign

arms policy came one day after President Truman named Gen. Dwight D. Eisenhower as supreme commander of Western European forces and said additional U. S. troops would be sent there as soon as possible.

Hoover said his suggested foreign policy would make it possible for this country to carry on indefinitely, even if the Communists attacked its defense rim. Meanwhile, he added, Americans could hope that other non-Communist peoples would rise in their own defense, and that Communism would break down of its own weaknesses.

Adding to his prepared text, Hoover said "I devoutly hope a maximum of cooperation can be established between the British Commonwealth and ourselves."

Predict Fast Approval of Defense Cash

LATE BULLETIN

Washington, Dec. 21—(AP)—Working at top speed, the senate today voted \$20,000,000,000 for defense spending and gave approval for \$1,000,000,000 of special defense construction, much of it top secret.

Washington, Dec. 21—(AP)—Speedy approval of another \$20,000,000,000 in emergency defense funds was expected in the senate today.

Most of the funds will go for more airplanes, tanks, ships, atomic bombs and manpower in the fighting forces—all asked by President Truman since the Chinese Communists surged into Korea.

The house, meanwhile, was expected to override Republican opposition today and vote Mr. Truman the additional powers he wants to speed the preparedness program. GOP objections put a brake on this legislation in the senate.

Add to 'Musts'

In a home-for-Christmas drive, the house passed yesterday and sent to the senate two other measures on the president's "must" list:

1—A bill setting up a nationwide civil defense system to deal with a possible atomic attack. This program is expected to cost \$3,100,000,000 in federal and state funds over the next three years.

2—A \$1,600,000,000 military public works authorization, much of it for top-secret purposes.

Senator McKellar (D-Tenn), veteran chairman of the appropriations committee, pushed the \$20-

Former Polo Family Flees to Singapore

Polo—the daughter of a Polo couple and her three children have been forced to flee to Singapore because of hostilities in Siam.

The grandparents are Mr. and Mrs. Will T. Graham, Polo. Their daughter, Mrs. Jack Fee, was in Bangkok, Siam, with her husband, an American oil company representative.

The Fees were held prisoner by the Japanese in World War II. They were in a Manila prison camp for three years before they and the Philippines were liberated by U. S. troops.

The Fees lived in Polo after World War II until he took the Siam assignment.

British Film Stars On Motor Honeymoon

Tucson, Ariz., Dec. 21—(AP)—"Somewhere in Arizona" British movie stars Jean Simmons and Stewart Granger are honeymooning today.

They were married here last night in a quiet ceremony at a private home, then departed on a motor tour of the state.

For Simmons, 21, it was the first marriage. Granger, 37, formerly was wed to Elspeth March, British actress.

Young Bergdoll Gets Five Year Sentence

New York, Dec. 21—(AP)—Alfred Bergdoll, son of Grover Cleveland Bergdoll, notorious draft dodger of World War I, was sentenced today to five years in prison for dodging the 1950 draft.

Mrs. Ida Ringling North, of Famed Circus Family, Dies

Sarasota, Fla., Dec. 21—(AP)—Mrs. Ida Ringling North, 77, only sister of the Ringling brothers of circus fame, died in a hospital here early today.

She had been in Sarasota hospital since Thanksgiving Day when she suffered a stroke.

Mrs. North and her eldest son, John Ringling North—president of the Ringling Bros. and Barnum & Bailey Combined Circus, Inc.—were trustees and administrators of the estate of John Ringling, last of the five founding brothers, who died in December, 1936. There were two other Ringling brothers. Mrs. North was born in Prairie Du Chien, Wis., on Feb. 2, 1874, and taught music in Wisconsin prior to her marriage to Henry Witestone North, who died in 1921.

Will Double Capacity of Dixon Plant

Say Program Cost To Be Nine Millions

A new, multi-million dollar, 60,000 kilowatt turbo-generator has been ordered for the INU division of the Public Service company of Northern Illinois, according to PSC President Britton L. Budd.

The company's spokesman, William H. Colwell, publicity director, told The Telegraph neither the cost of the project nor the starting date could be determined now.

Starts Next Spring

He did say, however, that ground probably would be broken in the spring for the project, with the completion date set for some time in 1953.

Unofficially, according to one news source, it'll be a nine-million-dollar program.

PSC said the new turbo-generator would almost double the present capacity of the INU Dixon plant. The present capacity is 65,000 kilowatts.

PSC, which recently received authorization to merge with INU, now has a total capacity of 2,802,000 kilowatts.

Can Serve 250,000

The contemplated 125,000 kilowatt capacity of the Dixon plant will be enough to serve electricity to a city of 250,000 persons.

Colwell explained that cost and time estimates were unavailable because, first, the turbo-generator would have to be built by Allis-Chalmers, and secondly, bids haven't been let for switching equipment, the construction of a building, or the auxiliary equipment.

Yule Traffic Deaths to Hit All-Time High

Chicago, Dec. 21—(AP)—The National Safety Council today forecast the gloomiest Christmas ever, as far as traffic deaths are concerned.

Estimating that 440 persons would die in traffic crashes during the three-day Christmas holiday, the council said the figure was the largest pre-holiday estimate it has ever made.

The council's estimate covers only immediate traffic deaths, occurring between 6 p. m. Friday and midnight Monday.

"Perhaps this is a grim thought to launch the Christmas season," said President Ned H. Dearborn. "But the record of past holidays speaks for itself. Of course, the toll doesn't have to be half that big if the lessons of experience are needed by everyone who grasps a steering wheel or starts to walk across a street."

Deanna Durbin, Charles David Wed in France

Sarragumines, France, Dec. 21—(AP)—Pretty movie songstress Deanna Durbin and screen director Charles David were married here today in a simple civil ceremony.

It was the third marriage for Miss Durbin, 28, and the second for 44-year-old David.

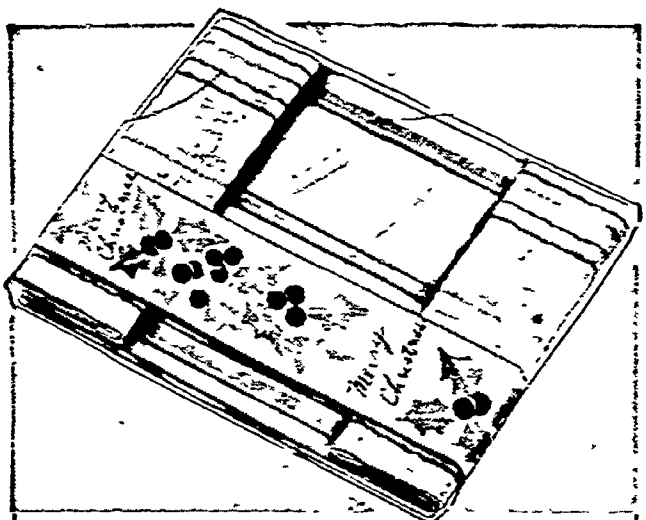

Miss Durbin first won screen renown in the picture "Three Smart Girls," released in 1936. A steady succession of starring roles followed in which Miss Durbin's youthful voice thrilled millions of moviegoers.

A THOUGHT FOR TODAY

I thank heaven I have often had it in my power to give help and relief, and this is still my greatest pleasure. If I could choose my sphere of action now, it would be that of the most simple and direct efforts of this kind.—Niebuhr.

Let's Save Our Highways!

Some time ago, a "Save Our Highways" movement was started in Knoxville, Tennessee, as an organized protest against the destruction of roads by heavy trucks. The movement soon reached statewide proportions and attracted interest elsewhere. Here are the objectives of the Save Our Highways club that apply to all states and all communities.

1. To protect the taxpayer's tremendous investment in the highway system.

2. To reduce the hazards of accident, death and injury to all highway users.

3. To require the payment of adequate user charges by commercial inter-city carriers.

4. To prevent the destruction of highways and bridges by overloaded, box-car-size vehicles.

5. To lessen the tax burden created by the construction and maintenance of stronger-than-necessary highways for the benefit of the few.

6. To enhance the pleasure, convenience and safety of the motoring public.

7. To support and encourage our representatives in government in all efforts to further these objectives.

The cost of building, repairing and maintaining highways which are adequate for the huge trucks is approaching unbearable proportions. Overloading—even in states where weight laws are very liberal—is commonplace and adds fuel to the fires of road destruction. Those who use our roads for commercial purposes should be forced to pay their proper share of the costs. The taxpayer is heavily subsidizing the trucking industry and he can't afford it. The Save Our Highways movement is a long step in the right direction.

Stupid and Dangerous, Eh?

A while ago, the Federal Security Administrator said that the people who are opposed to the federal compulsory health insurance scheme are "stupid and dangerous."

If that is true, the category "stupid and dangerous" is certainly a distinguished one. As the Ft. Smith Times Record said editorially, "Some very famed scientists, whose contributions to health and comfort are beyond estimation, are opposed to the Administration's Federal medicine plan."

"Some famed liberal leaders, both in congress and out, are opposed to the plan."

"Some noted sociologists, whose business is the improvement of mankind's lot, are opposed to it."

"And a deuce of a lot of Joe, Jim, John and George Does, who still retain a measure of independence and prefer to paddle their own canoes rather than suck at the breasts of a 'benevolent government' are opposed to it."

"Are all those men 'stupid and dangerous'?"

Since that was written, we have had an election, in which the present administration took a harsh setback from the voters, and in which a lot of men who favored government medicine and the rest of the welfare state schemes were returned to private life. So the electorate must be "stupid and dangerous" too.

Come to think of it, who is really "stupid and dangerous"—those who believe in individual freedom, independence and self-reliance—or those who want to give the government life and death power over everyone and everything?

Wrong Side of the Bed

President Truman has written another letter, this time to a Louisiana congressman named Edward Hebert, a Dixiecrat. The president took occasion to deplore the "low" character of political campaigning this year in Hebert's home state and several others.

What troubled Hebert was that he had merely suggested Mr. Truman proclaim a Sunday be set aside for prayer for the "guidance and wisdom" of the United States. The president chose to point his reply in a totally different direction.

An informed commentator says he has learned that Mr. Truman writes these controversial letters in the early hours, before he's had breakfast and before any of the White House entourage is awake.

If this kind of thing goes on much longer, it may be necessary for some of the White House attaches to revise their sleeping habits so they'll be on hand to check-rein the president's temper.

Musical Hero Is Unsung

The hero of President Truman's "music critic incident" is the critic himself, Mr. Paul Hume of the Washington Post.

With understanding and restraint, he has declined to condemn the president for a letter written in what appears to be a moment of great strain. Mr. Truman had just lost Charlie Ross, one of his oldest and best friends. He was under terrific pressure to make wise and correct decisions affecting America's whole future.

Hume saw it that way, and let it go at that. He did not apologize to the president, for an "invasion" of his private life. He had no need to do that. For when the critic picked flaws in Margaret Truman's singing performance, he was not assailing her as the president's daughter. He was judging her as a professional musician, the only way she should have been measured once she stepped onto a public concert stage.

China and India with about 40 per cent of the world's population have about two per cent of the world's manufacturing.

Americans owned an average of about \$5,000 worth of life insurance per family at the end of 1949.

★ IN HOLLYWOOD ★

Hollywood —(NEA)— Behind the Screen: It will make Jimmy Durante seethe, but I've got to report Jose Ferrer's nose-view of every other Hollywood actor from behind the knockwurst-shaped beeper he wears in "Cyrano de Bergerac."

"Everybody else looks pugnosed to me," Jose announced.

Jose has been scooting all over the country getting in locks for the picture. He's cooked omelets on TV programs slanted toward housewives, stammered out plugs between commercials, and has even played stooge to a talking duck on a disk jockey program.

SAW NOSE TO NOSE ON IT

The publicity boys dreamed up a dilly for Jose in Dallas, Tex.—the presentation of one of the plastic schnozes he wears in the film to the mayor. Jose took it in stride. He shrugged:

"The mayor had been tipped off. He was philosophical about the whole thing. It was just one more job that he had to do."

Word from Europe is that Rita's papa-in-law, the Aga Khan, is buying up movie houses on the continent.

Hmmm. Now he'll be worth his weight in popcorn!

ANYTHING FOR A LAUGH

There were, I can assure you, a couple of mirthless quakes as "Miss Mirthequake" passed through Hollywood.

Mrs. Lena Duncan, plump, gray-haired and 47, of Knoxville, Tenn., won the title in a contest conducted on Hal Peary's radio show to find the woman with America's most contagious laugh. Ladies in 103 cities competed, via recordings, and Lena won the inevitable trip to Hollywood with a laugh that sounds like the cackle of a ticklish hen being amplified through the San Francisco Bay fog horn.

But her reaction to Hollywood, during a week's stay, was no laughing matter. Obviously no movie fan, Lena told me:

"I went out to the MG studio and met Red Skeleton."

But she really mowed 'em down with a report on "Cyrano."

"I didn't like the picture," she said. "I don't care for war movies."

Angela Lansbury is now a red-head and won't go back to her blonde tresses for even a plum role. She told me:

"I've always wanted to be a red-head, but everybody in Hollywood howled me down. I had to get 6,000 miles away in England before I could manage it." Angela's headed for a Broadway play the minute she winds up her role in MGM's "Kind Lady."

If Ingrid Bergman's president of the I-Hate-Mink-Club, Ruth Roman, the vice president. In her right mind, Ruth let it spill:

"I don't want a mink coat. Walk in with a mink coat and there are 10 other people who look just like you. I like to wear strange little things. If I could dress the way I wanted to, I'd look real weird."

Just keep leaving off the mink coat, honey! That's weird enough in Hollywood.

The famous old vaudeville act of Smith and Dale is dishing up the laughs in RKO's big musical, "Two Tickets to Broadway." Joe Smith and Charlie Dale hold a record for getting along as a team—52 years. Or as Dale puts it:

"We top even Damon and Pythias."

The boys got together in 1898. "About the same time," says Smith, "that George Jessel, in knee pants, was playing Huckleberry Flynn."

COULD BARRY RECOGNIZE IT

Paramount has dusted off Sir James Barrie's famous "Alice-Sit-by-the-Fire," given it a new title, "Rendezvous," switched the London locale to New York and cast Joan Fontaine, John Lund and Mona Freeman in the starring roles.

It's Gibson-girl gowns and hairdos for Joan, gray hair for Lund and another kid role, age 15, for 23-year-old Mona, who goes home every night to her husband and a three-year-old daughter.

The same kind of aluminum paint that makes old kitchen stoves look new makes Lund look old for that role. The hairdressing department gives him his silver thatch every morning—a mixture of aluminum paint and lacquer combed into hair.

"And," quips Lund, "I FEEL just like an old kitchen stove."

The same aging technique was used on Laurence Olivier for "Carrie."

Farley Granger on the subject of Shelley Winters:

"We're still friends in spite of what anybody says. Shelley talks acting 24 hours a day and I listen patiently. But I knock her down about it once in a while."

TO THE GREAT PEOPLE

To the Editor:

Every thinking person knows that the present civilizations of the earth are in a terrible mess. We are prone to lay the blame for this condition on men and events that are close at hand and easily seen. But back of individual people and national events will be an indirect cause which is far more to blame than that which can easily be seen. Therefore let us turn back a hundred years or so and carefully travel down to the present time and see what we can find that could cause such disturbances, among our thinking people, as exists today.

Every civilization in this world has always had some sort of philosophy of life which we call a religion. A religion may contain some small bits of truth but a religion, as a whole, is never the truth because truth cannot be a religion. Every religion exercises checks and balances over its people. Our civilization has what we call "The Christian Religions." Even fifty years ago these religions exercised its checks and balances through fear of the devil and a burning fiery hell and a promise of some sort of a spirit life after death in a place called "Heaven" which existed somewhere in space far above this earth.

If a civilization is not intelligent or lacks knowledge, any kind of a philosophy of life can be taught and will be believed and followed. But if a civilization is intelligent and generation after generation acquires more and more knowledge concerning all the facts of life and nature, its religion ceases to be able to exercise its checks and balances and that civilization will founder around not knowing whether it goeth. This is a picture of America today. Its religion has ceased to function. Its religion has nothing to offer except an enjoyable companionship and a nice place to meet.

The Christian religions are founded on a book called "The Bible." The Bible deals, primarily, with the second creation in Isaac, the thirteen tribes of all Israel which came from that creation and the nations which those thirteen tribes became down to the end of the church age. The tragedy of the time in which we live is that the educated people of America think that the priests and ministers have taught the facts portrayed in the Bible. But instead of teaching the facts given to us in that book, the priests and ministers have been very busy teaching the people a religion. A religion loaded with tares (untruths). These untruths must be weeded out from the thinking of the American people before the present deplorable conditions in America will improve.

How much more punishment must God Almighty mete out to America before we, as "The Great People," will demand and listen to the truth?

CALLS PEGLER A MUCKER

December 18, 1950

Dear Editor:

Friday last you thought an article by Westbrook Pegler worthy enough to take up half your front page.

According to Pegler, President Truman is a "mucker who can never rise above his ordained station."

He's Laughing Out Loud

Coming from Pegler, that's hilarious. Even if he were in an unusually pleasant mood, Pegler could win the "champion mucker" title hands down. He wouldn't even have to try. He's a natural mucker.

I hold no brief for Truman's childish tantrums. Neither do I hold any brief for a columnist whose stock-in-trade daily carries him below the levels of common decency.

Moreover, I hold no brief for a columnist who believes freedom is such a precious commodity that it should be distributed niggardly, mostly to corporations, banks, insurance companies and the top fraction of the income tax bracket; nor a columnist who thinks intelligence is a rare quality limited to extremely few, mostly to Pegler and an intellectually sterile minority that agrees with him.

He's the same Pegler who once wrote of a lynching in California: "Fine. That is swell."

He's the same Pegler who lauded the assassination attempt on the President.

Truman 'Honest Mucker'

Compared to Pegler, Truman is a pipsqueak when it comes to being a mucker. I might add, too, that Truman is fairly honest mucker who, however lamentable it may be, gets things off his chest in the only language he knows. Truman doesn't get paid for being a mucker.

Pegler, on the other hand, has made an excellent living for several decades as a mucker. Truman is an amateur. Pegler is a professional.

I don't think there's any doubt who the real mucker is, the honest but inept amateur, or the commercializing professional.

The mystery is why The Telegraph prints Pegler's work at all, let alone on the front page.

Q—Can an expert tell by examination of blood to what race of man it belongs?

A—No. All men belong to the same zoological species, known as Homo sapiens, and their blood is the same.

Q—How does airplane travel compare in safety with that of train or bus?

A—While airlines have the edge over private driving, it is still safer to travel by train or bus. The airline rate of 1.3 is comparable with the train rate of 0.08, or the bus rate of 0.20, for each 100 million passenger miles.

Q—How is the U.S. Post Office to be compensated, if the UN sets up its own post office and issues its own stamps?

A—It will cost the United States nothing. The U.S. Post Office will be fully reimbursed for all UN mail carried. The heavy profit anticipated by the UN is from the sale of UN stamps to collectors.

Beantown Bidder

Fires Partner

By OSWALD JACOBY

"Please make a few comments on South's bidding," requests a Boston reader. "As you know, this is a very staid and polite city. I could not possibly say what I think of South's bidding, but perhaps you—as a Texan—will be less inhibited."

"West opened the jack of spades, dummy covered with the king, and East won with the ace. East laid down the ace of diamonds, cashed the queen of spades, and gave his partner a spade ruff. West obediently cashed the king of diamonds and gave his partner a diamond ruff."

"East next turned his attention to the hearts, leading to West's ace. West returned a heart to East's king, thus stripping South's hand of everything but the trumps. When East now led a spade through, West was sure of two more trump tricks. South ruffed the queen, but West carefully refused to over-ruff."

"South, my partner (as you may have guessed), cheerfully observed that we were not vulnerable. This was small consolation, since the opponents had scored 900 points on a hand which they might not have bid to game. Even if they had bid game, they might not have made it. Even had they made game, it would have been worth only about half as many points.

"Will you take over now?"

My Boston friend is behind the times. It's a good many years since we shot a bridge player for making a horrible bid like that overcall of South's. I would say the odds are about even that South could make that same kind of bid in Texas and live to tell the tale.

There is, of course, no possible

excuse for such a bid. With average luck, South can expect to win about four tricks. Why should he make a bid that calls for eight tricks? South has no reason to feel that he is indicating a favorable lead. With both red queens in his hand, he should be perfectly willing for North to make a normal opening lead if West plays the hand at no-trump.

There is some point in making a dangerous overcall to indicate the only possible favorable lead; or if there is some good prospect of making a game; or even if the opponents are very timid about doubling for penalties. In this case, South's bid did not indicate a good lead, there was no possible prospect of game unless North had a hand that was good enough for a bid of his own, and it is perfectly clear that West was not a bit timid about doubling.

Substitute 'our' for 'My'

In Language of Marriage

An indignant wife writes:

"Please tell me in your column what a woman should do when she learns that her husband, in order to make people think he is better off financially than he really is, leads them to believe that the property his wife has inherited is HIS property."

"He gets angry when I tell people the truth about whose property it really is."

That's easy—but you probably won't like my answer. Stop calling it "my" property, even when there is no one around you want to know "the truth."

You'd resent it, wouldn't you if your husband labelled every cent he earns "my" money? Well, he has just as much right to resent your going around talking about "my" property, instead of "our" property.

As for your bating to see your husband enjoy a prestige you think he hasn't earned entirely on his own, I think that's a shabby attitude for a wife to take.

WIFE SHARES IN HUSBAND'S PRESTIGE

Every wife ought to want her husband to look as "big" as possible to other people. Anything she can contribute toward making him look "big" she should do gladly. After all, she shares in any prestige he has.

Why in the world would you, if you love your husband, prefer to have people think that you're the family big shot and that without your money your husband wouldn't amount to much?

Think it over and see if you wouldn't both be happier if you started thinking in terms of "our" instead of "my."

Marriage isn't a real partnership unless money is a mutual possession. And that goes for husbands as well as for wives.

Ohio VFW Post Sketches Plan For 20th Century Minute Men

Greenville, O., Dec. 21—(AP)—A "minute man" type of civil defense combat corps made up of ex-servicemen is the plan being offered the nation today by this town's 354-man Veterans of Foreign Wars post.

The post adopted a resolution embracing the plan, and suggested it be formed by the federal government as "a program of civil defense now—not in the future."

20,000,000 Vets

Post Commander Harold Spiller, a World War II veteran, said basic authority for such a group "rests in the constitution which grants the right of citizenry to bear arms." He estimated there are 20,000,000 able-bodied veterans of the two world wars who are trained in the handling and use of basic army weapons.

Ranks of the "Minute Men"—named after the volunteers who stopped the British in the early days of the American Revolution—would be open to any veteran, regardless of age.

Here's the plan as outlined by the VFW post:

"The 'minute man,' upon joining, would pay \$1.50 for a helmet, a lapel button, and two minute men stickers (one for his car and one for a window in his home). Each would be required to provide his own transportation, food and clothing, but while on active duty would be covered by armed forces' hospitalization and disability services and the \$10,000 National Service Life Insurance policy.

Called When Needed

They could be called for duty, the post plan set out, "only (1) to prevent sabotage or seizure of transportation, public utilities or services, industries, or the usurpation of civil functions of authority or (2) in the event of threat of enemy air, ground or sea attack."

Under the plan, only the Presi-

dent could call the minute men for service. They could not be used for strike duty, or similar civilian guard jobs.

Arms could be provided by shipping basic infantry weapons from armed force arsenals to local armories, the VFW post said—and then army officers could be assigned periodically for "refresher training" programs.

Describes Ilse As Busy Taking Care of Children

Augsburg, Germany, Dec. 21—(AP)—A defense witness today described Ilse Koch as a quiet woman dominated by her husband and busy taking care of her children.

His story was sandwiched between testimony of prosecution witnesses who accused Mrs. Koch of repeatedly having prisoners whipped while she lived in Buchenwald concentration camp as wife of the camp commander.

Mrs. Koch was not in court to hear the testimony. Since she broke down hysterically in court last week, she has been kept under medical observation in her jail cell. Doctors have testified she is suffering insanity, and the trial has continued without her, as German law permits.

She is accused of causing cruelties and murders of camp inmates.

Her defense witness, Dr. Ludwig Biles, a former SS doctor in Buchenwald, said he never saw her mistreat anybody. He said she impressed him as an ordinary, quiet woman, completely under the influence of her husband, never daring to open her mouth in his presence and always concerned about her two children.

Korean Refugees Drained of All But the Urge to Keep on Plodding, But to Where?

By WILLIAM BARNARD

Seoul—(AP)—How many can finish the journey? That's the question an American asks as he watches the thousands of refugees streaming southward from the apprehensive Korean capital.

The question does not apply to the lucky ones, those who in swarms to railroad flatcars or huddle in silent hounds of humanity on the backs of jolting trucks.

Families on Foot

But what of the great majority of families on foot, pulling their little cars or totting their belongings on their backs over icy mountain roads in zero weather? In their faces you find nothing . . . nothing . . . neither hope nor despair. In their eyes there is no pain. There are no complaints.

In flight from the forces of Communism, these people trudge steadily across frozen snowy fields, avoiding the heavily traveled roads whenever possible. . . .

No Conversation

You never see a child cry or smile or laugh. You never hear any chatter or conversation among families. You wonder if this bitter trek has finally squeezed from these stricken people every last bit of feeling except a blind determination to keep going.

There is no rest by day, not even for food. Weary children are allowed occasional rides on the carts already piled high with bundles. Babies are strapped to the backs of their mothers. But for the adults from dawn to dusk there is no rest at all.

By night the refugees vanish. The frozen fields and snow-capped peaks are vague in moonlight but the people there is no sign. Most, you are told, sleep in deserted huts in the rapidly emptying villages of this area.

But by night the roads pound with the marching feet of thousands of South Korean "volunteers," mostly boys in their teens. In the stretch of a single mile of road south of Seoul, a newspaperman passed an estimated 10,000 such recruits.

All Poorly Cload

The refugees are ill-clothed for winter temperature. They wear many layers of tattered cotton garments and some have canvas shoes. Some have no shoes at all.

An amazing thing is the stamina of the elderly men and women among these fleeing people. Even they carry heavy loads or pull carts.

Court Orders Insurance Co., To Liquidate

Chicago, Dec. 21—(AP)—The U. S. Mutual Insurance company, which a master in chancery reported had a \$235,000 deficit, will be liquidated by court order.

Circuit Judge Cornelius J. Harrington, who ordered the liquidation yesterday, appointed the state director of insurance to do the job.

Robert C. Eardley, who represented the state insurance director's office at the hearing yesterday, said an attempt will be made to pay all claims. The amount of the claims against the company hasn't been determined.

Carl A. Barrett, former president of U. S. Mutual, faces embezzlement charges in connection with another enterprise, the Illinois Automobile club. Barrett is now president of the IAC.

Barrett's hearing on the charge that he converted IAC funds to his own use is set for Jan. 15 in criminal court.

A receivership suit, filed in behalf of club members, accused Barrett of taking commissions of \$10 to \$14 from membership fees. His total commissions over a period of years exceeded \$250,000, the suit alleges.

The suit also claims that Barrett distributed a brochure saying the club owned a 21-story office building with dance halls and swimming pools. Actually, the suit said, the club owns a three-story office building at 2400 South Michigan avenue which contains an uncompleted swimming pool.

The receivership suit also claims Barrett caused \$218,000 of IAC money to be advanced on poor security to U. S. Mutual, of which he was then president, although the state insurance director reported the insurance company was far below its reserve requirements.

Barrett denied the charges at a hearing Nov. 29. The receivership case was continued to Jan. 23.

Convict-Composer Is Given Pardon to Wed Boyhood Girl

Nashville, Tenn., Dec. 21—(AP)—Frank M. Grandstaff, who composed the 70-page "Big Spring Cantata" in his prison cell, soon will be a free man.

It is believed he will be the first ever pardoned as an habitual criminal in Tennessee.

Before an announcement by Gov. Gordon Browning last night, the 49-year-old convict-composer faced the prospect of spending the rest of his life behind prison walls.

Must Leave State

Browning said, "I am giving him a pardon to let him get out of the state. All the matters for which he was convicted were very small offenses and I am not satisfied to leave him there."

The governor said he would sign the pardon papers today or tomorrow. He added he understood Grandstaff will go to Indiana or Texas.

The Cantata was the key that unlocked prison doors for Grandstaff's week of freedom in Big Spring, Tex., in October, 1949. It was inspired by a book written by Druggist Earl Philips. Grandstaff was guest of honor at the big spring centennial.

Grandstaff's record shows 20 offenses, mostly larceny. It was a Memphis larceny that brought him the life sentence 10 years ago.

Grandstaff said the first thing he'll do is go to the Catholic cathedral here "and drop down on my knees in prayer. Then I'll get in touch with the girl I should have married 30 years ago. Then I'll go to see my mother again."

The "girl," he said, is Mrs. Mildred McConkey of Fort Wayne, Ind. He said they plan to marry.

The Girl Is Happy

At Fort Wayne, Mrs. McConkey, 47, a "swing shift" worker for General Electric, said she could hardly believe the news. She added that when Grandstaff is freed "I am going to marry him." Each has been married twice before.

In Hollywood, Douglas Morrow, author of "The Stratton Story," said Aspen Production is preparing a movie of Grandstaff's life. Its title, he said, will be "Crossroads."

Charred Wreckage Army Transport Plane Is Sighted

Baguio, Philippines, Dec. 21—(AP)—The charred wreckage of a U. S. C-54 transport that crashed with 37 persons aboard was sighted today high up a rugged 9,324-foot mountain in central Luzon.

Search pilots reported no sign of life.

At least three of the 30 passengers and seven crew members were U. S. Clark Air Base personnel. Another was a civilian U. S. government employee. Their names are being withheld.

A Clark Air Base spokesman said all but about 50 feet of the tail section was destroyed by the crash and fire.

The four-engine plane struck the 8,000-foot level of Mount Tabayoc enroute Tuesday from Okinawa to Clark Air Base.

It was last heard asking for weather reports when within 30 minutes' flying time of Clark Field.

The crash scene was so remote that a ground team may require several days to reach it.

In Irish folklore, the Banshee is a supernatural being whose mournful screaming is held to foretell death.

ed that when Grandstaff is freed "I am going to marry him." Each has been married twice before.

In Hollywood, Douglas Morrow, author of "The Stratton Story," said Aspen Production is preparing a movie of Grandstaff's life. Its title, he said, will be "Crossroads."

High Scoring McKinley Five Here Friday Night

Average 65 Points In 6 Straight Wins

By GENE TACKOWIAK
Telegraph Sports Editor

When McKinley high school of Chicago invades the Dixon gym Friday night Coach Sid Novak will bring along "the best team he ever coached." It is a highly underrated ball club, since it has swamped all six of its previous opponents by substantial scores.

With its showing to date the McKinley quintet is picked as one of the favorites to win the City league crown. The team has averaged over 65 points per game while holding their foes to a low 37 point average.

The teams McKinley has beaten in the past are Joliet Catholic, 70-47; Dunbar, 68-45; Wendell Phillips, 60-39; Dusable, 71-31; Harrison, 74-43; and Englewood, 70-22.

Has All Senior Five

Coach Novak's starting five is composed of all seniors who have been playing together for several years. The boys are fast and rangy. Four of the five starters are major letter winners from last year's campaign and the fifth has won two minor awards.

With the all-senior outfit Coach Novak is out to have the biggest year in McKinley high school. Novak said, "we aren't worrying about next year, when all of our starters will be graduated. We'll have practically no veterans, so we're giving all our attention to this year's record."

Invaders Tall

Three of the five McKinley starters measure over the six foot rule and the remaining two just below the mark. The team is offensively minded with the two fore-court men averaging a combined total of 44 points per game. They are Leon Hillard, 5-11, and Joe Green, 6-2.

McKinley uses a fast break style of play but can also change to set plays when the situation calls for a change of strategy. Defensively they use both the zone and the man-for-man style depending on the size of the floor and the style of play used by their opponents.

Coach Lon Scofield has given his squad a light workout Wednesday afternoon following the rough Tuesday night game at Clinton, Iowa.

Friday night's game will be played before the home crowd and the Dukes will be out to show the home fans that they can duplicate their giant killing tactics as they did against Marmion Academy.

JV Squad in Preliminary

The Duke JV squad will play the Sterling Junior Varsity in the preliminary game since the invaders are not bringing a junior

team with them. Coach Sam Owens boys will be making their first appearance before a home crowd in a double-header schedule.

Oregon-Mt. Carroll Cage Tilt Tonight

Oregon high school will meet Mt. Carroll in a Blackhawk conference game Thursday night, with the Hawks playing the role of invaders. Originally the game had been scheduled for Friday but the date was advanced because of other commitments.

PLANNING TOURNAMENT STRATEGY—Coach Orval Spurlin and his Amboy Clippers take time out from a heavy practice session to discuss the strategy they will use in the Mendota Christmas tournament which begins this evening. The Clippers will meet Rock Falls in the second game of tonight's double-header. The host team, Mendota, will tangle with Rochelle in the opener. Pictured with Coach Spurlin is his starting five. Villanova Beats N.C.S. 68-61; Beloit, Tar Heels in 1st Loss

New York, Dec. 21—(AP)—Stop Sam Ranzino and you pretty well stop the powerful North Carolina State basketball team.

That's what Villanova (6-0) did Wednesday night in a battle of unbeaten fives. Deadeye sophomore Larry Hennessey poured in 33 points in leading the Philadelphiaans to a 68-61 victory at Raleigh.

Ranzino scored only 11 points under the careful guarding of another Villanova sophomore, 5 foot 10 in ch Shorty Glassmire. The Wolfpack ace had been averaging 24 points a game.

Hennessey scored from all parts. In one spree, he sank nine of 10 shots. The soph-powered visitors led virtually all the way, not giving Ranzino a chance to send the game into overtime. Carolina State had pulled out overtime victories over Eastern Kentucky and Michigan in the last seven days. The Wolfpack (7-1) ranks third nationally in the Associated Press poll.

Workman Scores 44

Another Southern conference power, North Carolina, also lost its first game. Eastern Kentucky walloped the previously-unbeaten Tar Heels, 85-62.

Army drubbed Ithaca, 69-37, for its second straight, and Navy caught Rutgers in the last 20 seconds, 53-49. Dave Mullaney tossed in the clincher and Chet Mc-

Ohio in 65-50 Cage Triumph Over Sheffield

Bill Peiper led the Ohio Bulldogs to a 65-50 cage triumph over Sheffield as he poured 13 shots through the hoop to tally 26 points.

The Bulldogs had to come from behind to beat the scrappy Sheffield five as they led at the intermission 34-25.

De Bates, Sheffield center, was high man for the losers scoring 15 markers.

Michigan's '11' Begins Tough Bowl Workouts

Pasadena, Calif., Dec. 21—(AP)—Michigan's Big Ten football champions headed briskly into their second day of practice under California sun Thursday and some of the Wolverines privately hoped it wouldn't be any more strenuous than their first day.

They loosened up, and then scrimmaged.

The squad got off the train at Pasadena Wednesday morning and almost before the echoes of a colorful welcoming committee had died away in the Arroyo Seco bounding the famed Rose Bowl, the lads were already down to the business of drilling for their New Year's day game with California.

Coach Bennie Oosterbaan let up long enough for lunch, then back to Brooks Park, which adjoins the Big Bowl itself, they went, and remained until darkness closed in.

Oosterbaan indicated there might be more "banging of heads" in a double drill scheduled Thursday.

Oosterbaan told West Coast football writers they would be admitted only to morning workouts, of which there will be only a few. Writers with the team from the Midwest, however, can attend both morning and afternoon workouts.

In nearby San Bernardino, Coach Lynn O. Waldorf, himself a former Big Ten mentor with Northwestern, kept the big California squad just as busy. The Bears' workout under continued warm sunshine lasted more than three hours.

Yesterday's Sports in Brief

GENERAL

Atlanta — Capt. Arthur H. Truxes Jr., former West Point track man, was killed in action in Korea Nov. 30, his parents disclosed.

Sheboygan, Wis.—St. Paul and Kansas City ceased operations in National professional basketball league, but league president Magnus Brinkman said the circuit will continue to operate with six clubs.

BOXING

New York (St. Nicholas Arena)—Percy Bassett, 132, Philadelphia, knocked out Sonny Boy West, 133½, Washington, 7.

Miami Beach, Fla.—Billy Kilgore, 165½, Birmingham, stopped Steve Belloise, 164, New York, 3.

RACING

New Orleans—Willie Shoemaker rode a double at Fairgrounds, boosting his winners for the year to 360.

Parker Promoted as Lion's Coach, Predicts Contenders

Detroit, Dec. 21—(AP)—Raymond (Buddy) Parker heaped Detroit with its only professional football title as a player 15 years ago and he is ready to try again, as head coach this time.

Parker, promoted from backfield coach to head coach of the Lions Wednesday, said at Kemp, Tex., that he feels "the players we have will make us very much championship contenders next season in the National Professional football league."

Just about 24 hours after white-haired Alvin (Bo) McMillin resigned the post, Parker agreed to accept a one-year contract in a telephone conversation with Lions President Edwin Anderson.

The 37-year-old former Cardinal coach tempered his prediction that the Lions will be contenders with a reminder that the world situation can change everything.

The Lions also signed two Detroit assistant coaches to new one-year contracts as assistants for Parker. They are end coach George Wilson and line coach Al- do Forte. Wilson has been with the Lions two years and Forte one year.

Boxer May Regain License to Fight

Chicago, Dec. 21—(AP)—Bob Foxworth, light heavyweight boxer now barred from fighting in Illinois because of an eye injury, still has a chance to don gloves again in this state.

Joe Triner, chairman of the Illinois Athletic Commission, said Wednesday that Foxworth, now an East St. Louis, Ill., detective, had a successful eye examination recently.

"If medical authorities assert that further injury to the eye will not result in permanent damage," Triner said. "Then this commission will give Foxworth a license to fight again."

Foxworth was barred in 1948 following revelation of the eye injury a detached retina. He underwent an operation last year to correct it.

College Coaching Talk Has Bierman-Cravath Switch Jobs

Los Angeles, Dec. 21—(AP)—The rumor factory Thursday cooked up a neat exchange of departed coaches between the Universities of Minnesota and Southern California.

Bernie Bierman, who stepped down at Minnesota this fall, said he would be interested, if there's an offer, in the job at USC from which Jeff Cravath resigned yesterday under alumni pressure.

And one published report here is that Cravath is a hot prospect for Bierman's job at Minnesota, on the strength of his friendship with Minnesota Athletic Director Ike Armstrong.

Bierman expressed interest in the Trojan job at San Francisco where he is a coach for the East-West Shrine game on Dec. 30.

Cravath, keeping a speaking engagement in Monterey, Calif., Wednesday night, came up with philosophical wise cracking about his forced quitting.

Leahy Promises, Next Irish Team To Be Highly Improved

By TOM BRANAGAN

South Bend, Ind., Dec. 21—(AP)—Frank Leahy of Notre Dame says he has nothing but pleasant memories of the 1950 Irish football team, which had the worst record of any he ever coached. Still, he'd rather look ahead than back.

He praised his 1950 players highly. He has said many times that their spirit in adversity was an inspiration to him. But, that doesn't mean he will be satisfied in the future with records such as his team compiled last fall: Four lost, one tied, four won.

Leahy has analyzed for the Associated Press what he considers his 1950 team's possible weaknesses. These were coaching mistakes; lack of good material in depth; susceptibility to injury; "maybe" Notre Dame wasn't "hungry enough" for victory after four undefeated seasons.

The Irish coach frankly yearns for a better performance next fall, and he intends to get it.

To Work Hard Next Year

"I promise this," he said in an interview. "Notre Dame coaches and players will work harder than ever before, and we've always worked hard, to improve next year."

This is what he means: "Last fall the margin of difference in two of our losses (Michigan State and Southern California), was on blocked punts re-

Cravath Out to Win

"If I'm ever lucky enough to land another coaching job, I'm going to win football games and let the other fellow build character," he said. Showing movies of the Trojan 9-7 win over Notre Dame, a victory over a traditional foe which wasn't enough to save him hide after a dismal season, Cravath watched the scene where his players carried him off the field and said: "There goes a monkey on a pogo stick."

Cravath says he doesn't have immediate plans for his future. Plans for USC for a successor are in the immediate hands of Athletic Director William O. Hunter. The list of possibilities grows longer with each new edition of the sports pages.

Coaches Mentioned

Mentioned are Coaches Paul Brown, Cleveland Browns; Bud Wilkinson, Oklahoma; Ray Brown, Compton, Calif.; Jordan Oliver, Loyola of Los Angeles; Charles Caldwell, Princeton; Paul Bryant, Kentucky; Frank Howard, Clemson; Lefty James, Cornell; Don Faurot, Missouri; Frank Leahy, Notre Dame; and Athletic Director Fritz Crisler, Michigan and Clark Shaughnessy, late of the Los Angeles Rams.

Then, too, there are other coaches separated from jobs this year: Bo McMillin, Detroit Lions; Blair Cherry, Texas; Bernie Bierman, Minnesota; Wes Fesler, Ohio State.

It's up to Hunter to survey the field, then report to the USC general athletic committee. The committee then will make one or more recommendations to U. S. C. President Fred D. Fagg, Jr.

The job, with a major football institution, carries an attractive salary. Cravath will be paid nearly \$50,000 for the two years remaining in his contract.

His nine-year regime, with a record of 54 wins, 28 losses and

Mendota Basketball Tourney Plays Opening Round Tonite

Play in Mendota's Christmas tournament will begin tonight with two games on the menu. In the opener last year's champions Rochelle will meet the host Mendota quintet and the Amboy Clippers will exchange baskets with Rock Falls in the nightcap. The first game is scheduled to begin at 7 o'clock.

The four teams entered in the two day meet are well balanced and have the personnel to dump any of the opposition they may draw. Last year's meet was marked by close games with Rochelle edging Rock Falls 41-39 in the finals.

Three of the competing schools are from the North Central conference and Amboy is an independent squad.

The second and final round will be played Friday evening with the winners of tonight's games meeting for the championship at 8:15 p. m. and the losers playing off for consolation honors.

Big Ten Teams Win Over Three Non-Conference Foes

Chicago, Dec. 21—(AP)—Big Ten basketball teams had all the best of it in three intersectional matches Wednesday night.

Purdue beat Pennsylvania 73-64, Northwestern took Rice, 70-61, and Illinois swamped Washington State, 71-48.

The Purdue-Penn game was something of a surprise. The Boiler-makers had dropped three straight; the Quakers were undefeated.

The Lafayette, Ind., contest went according to form in the first few minutes, with the Quakers taking an early 19-10 lead. But Purdue, sparked by Neil Schmidt, gradually pulled up and at the half was ahead 47-42.

A brief Penn outburst at the start of the second period faded and thereafter Purdue had little trouble staying ahead.

Northwestern had a hard time with Rice at Houston until the last 10 minutes. Then the Wildcats spurred ahead and coasted in. Northwestern's Ray Ragelis topped the scoring with 22 points.

Illinois didn't cinch its victory at Champaign until the last half, either. The Illini led only 23-22 at the intermission, the result of jittery play that lowered shooting averages and piled up fouls.

But the Washington State offense fizzled in the last half and

Chicago Football To Remain Dead

Chicago, Dec. 21 — (AP) — There appeared little prospect that intercollegiate football competition will come back to the University of Chicago now that Chancellor Robert M. Hutchins is leaving.

A University spokesman said that no one at the school was giving much thought to the matter.

"There's not much evidence of discontent over our withdrawal from Big Ten football," he added.

Hutchins on Tuesday notified the University he was resigning to accept an Associate Directorship of the Ford Foundation. He was instrumental in abolishing big time football at the school in 1939, after several de-emphasized, and disastrous, seasons.

The University spokesman said that the Board of Trustees had concurred with Hutchins in doing away with football and that it would have to reverse its stand to reinstate the game.

He also pointed out that the University of Chicago college takes qualified students who have completed the second year of high school. He added:

"This means that we get students who are younger than those in other colleges, so that, we aren't prepared to play big league football any more. And regardless of who comes in to replace Dr. Hutchins, even if it were Frank Leahy himself, I don't think he'd care to try football under the circumstances."

This spokesman's name was withheld but other university officials added similar comment.

Cacciapaglia Wins Billiard Crown

Chicago, Dec. 21 — (AP) — Charles Cacciapaglia of Rockford, Ill., is champion of the sectional pocket billiards tournament which ended here Wednesday night.

Cacciapaglia won nine matches and lost one in the double round robin event.

Another Rockford competitor, La Vern Peterson, placed second, with a 6-4 record.

Six experts were entered. Cacciapaglia now awaits the National meet here in February. The sectional championship was worth \$300 to him.

Major Holiday Tournaments Attract Top Prep Cage Fives

Springfield, Ill., Dec. 21—(AP)—Freeport and most other top rated contenders in the Illinois prep basketball race waded into holiday invitational tournaments after regular games Thursday and Friday.

Major Christmas vacation tourneys start at DeKalb and East St. Louis next Tuesday; at Centralia, Paris, Pontiac and Kankakee on Wednesday, and at West Frankfort, Hunsdale and Normal next Thursday.

Eight teams will compete at East St. Louis, Kankakee and Normal while 16 apiece are entered at the other six centers.

The holiday meets are expected to shed new light on early season favorites and reshuffle positions in the Associated Press weekly poll gauging state title prospects.

Freeport Gets Test
Hot shooting Freeport, ranked No. 1 in the first canvass of sports writers, may get a severe test in the Pontiac tournament from Bloom of Chicago Heights, beaten once by two points in five outings. Both clubs are in the lower bracket.

Morton of Cicero, the No. 2 team, is thrown together with such highly regarded outfits as Quincy, Marion, Lincoln and Tilden Tech of Chicago in the Centralia meet. The form sheet, often mocked at Centralia, calls for a prize-deciding duel Dec. 30 matching Morton and fourth ranked Lincoln.

Thornton's No. 3 lads bump into a good field at DeKalb, where other entries include DeKalb's Barbs, Rock Island and some potent small school outfits.

Sixth rated Flora and the No. 12 Paris crew will compete in the Paris meet; seventh ranked Edwardsville, along with the un-stopped host club, at East St. Louis; Robinson, No. 8, and West Frankfort, No. 10, at West Frankfort; and Bradley, No. 15, at Kankakee.

Weekend Contests
LaGrange, West Rockford and Ottawa are the only rated outfits sidestepping holiday tournament activity altogether. Springfield plays in a four-team city meet.

On the regular weekend program three contests stand out, Morton (won 5, lost 0) at Oak Park (3-4) tonight, and Elgin (2-3) at Freeport (5-0) and Calumet City at Thornton (7-0), both on Friday.

Tournament Pairings
First round pairings next week in major tournaments:
At East St. Louis, Dec. 26-29: Danville vs. Wood River, Johnston City vs. Edwardsville, Pekin vs. Taylorville, East St. Louis vs. Lawrenceville.
At DeKalb, Dec. 26-29: Arlington Heights vs. DeKalb, Belvidere vs. Waterman, West Aurora vs. Glenbard, Thornton vs. Kirkland, Rock Island vs. Niles, Leyden vs. Palatine, Sycamore vs. Shabbona, Rochelle vs. Genoa.
At Centralia, Dec. 27-30: Morton (Cicero) vs. Granite City, Sandoval vs. Abingdon, Quincy vs. Champaign, Marion vs. Belleville, Vandalia vs. Pinckneyville, Lincoln vs. Salem, Nashville vs. Tilden.

Tech (Chicago), Centralia vs. Lewistown.

At Pontiac, Dec. 27-29: New Trier vs. LaSalle-Peru, Normal U. High vs. Alton, Lexington vs. Effingham, Rushville vs. East Moline; Freeport vs. Peoria Central, Chenoa vs. Chester, Pana vs. Bloom (Chicago Heights), Litchfield vs. Pontiac.

At Kankakee, Dec. 27-29: Bradley vs. Hebron, Urbana vs. South Shore (Chicago), East Peoria vs. Teutopolis, Spring Valley vs. Kankakee.

Paris Meet
At Paris, Dec. 27-29: Blue Island vs. Flora, Wells (Chicago) vs. Monmouth, Kewanee vs. Mt. Pulaski, Peoria Woodruff vs. Schlarman (Danville); Princeton vs. Sullivan, Mattson vs. Shelbyville, Tolono vs. Paris, Arcola vs. Newman.

At West Frankfort, Dec. 28-30: Robinson vs. Benton, Anna-Jonesboro vs. Ziegler, Mt. Vernon vs. McLeansboro, Eldorado vs. Christopher, Harrisburg vs. Metropolis, Cairo vs. Herrin, Sparta vs. Carmi, West Frankfort vs. Duquoin.

At Normal, Dec. 28-30: Normal Community vs. Chillicothe, Farmer City vs. Batavia, Marmion (Aurora) vs. DePue, Bloomington vs. Hartsburg-Emden.

At Hunsdale, Dec. 28-30: Proviso vs. Bensenville, Joliet vs. Naperville, Argo vs. East Aurora, Galesburg vs. Riverside-Brookfield, Downers Grove vs. Crystal Lake, Hunsdale vs. Highland Park, York (Elmhurst) vs. Evanston, Elgin vs. Wheaton.

Congress Battle Seen on Hoover Speech Proposal

Washington, Dec. 21—(AP)—A new congressional battle loomed today over former President Hoover's proposals to shorten America's defense lines and arm the navy and air force "to the teeth" to defend the nation's Atlantic and Pacific frontiers.

Republican Senate Leader Wherry of Nebraska said Hoover's proposals "collide directly with those of President Truman and congress and the public must decide who is right."

Most Democratic party leaders avoided immediate comment but Senator Lehman (D-NY) said: "It appears to me to be a plea for a return to complete isolationism. If we followed President Hoover's suggestion, we would find ourselves isolated and without any friends in the world."

Convict Man In Sales of Oil Co. Stock

Chicago, Dec. 21—(AP)—George E. Baldwin, 33, of Decatur, was convicted yesterday of mail fraud in the sale of stock in the Secure Oil company of Ottawa.

The federal indictment on which he was tried, charged the promoter bilked five farmers in the Ottawa area of a total of \$17,498. Government prosecutors said Baldwin also sold \$75,000 of worthless stock to other investors who were not involved in the suit.

Under the conviction, Baldwin may be sentenced to five years in prison on each of the five counts in the indictment. But his attorneys filed motion for a new trial and Federal Judge John P. Barnes set it down for a hearing Jan. 6.

The government contended Baldwin promised the buyers of Secure Oil company stock that they would receive dividends within nine months and that the company owned oil wells producing 9,000 barrels of crude oil a month. The company's actual oil production was only 30 barrels a month, the prosecutors said.

Ashes of Patel To Be Put in Ganges

New Delhi, India, Dec. 21—(AP)—The ashes of India's late strong man and deputy prime minister, Sardar Vallabhbhai Patel, will be consigned to the waters of India's sacred Ganges and Jumna rivers at Allahabad Dec. 29.

Patel died last Friday of a heart attack in Bombay. He was cremated there the same day.

In the depression '30s American families owned life insurance equal to more than twice their annual family incomes. But today the incomes have increased so sharply that the amount of insurance owned is less than the annual income.

Wilson Sworn in, Selects Clay, Weinberg as Aids

Washington, Dec. 21—(AP)—Charles E. Wilson took office today as Director of Defense Mobilization and immediately appointed General Lucius Clay and Banker Sidney Weinberg as his assistants.

Wilson, former president of General Electric, told reporters of the two appointments at the White House after taking the oath of office in President Truman's presence.

Wilson said Clay and Weinberg will serve without compensation. Clay, former U. S. commander at Berlin, is relinquishing his duties as chairman of the board of the Continental Can Co.

Weinberg is senior partner of Goldman, Sachs and Company, New York investment banking firm. He was a vice-chairman of the War Production Board in World War II.

The oath was administered to Wilson by Chief Justice Vinson in Truman's circular office. The three men stood beneath a large portrait of George Washington.

Wilson told reporters his immediate plans are to continue just what he is doing now—that is, surveying the job that must be done, and getting "just as many facts as I can."

Wilson took the oath of office well under 24 hours after the senate rushed through confirmation of his appointment.

Market Edges Along Narrow Price Route

New York, Dec. 21—(AP)—The Stock Market edged along an extremely narrow price route today. Trading continued at a high level, but pressure behind market operations was too feeble to raise or lower prices more than a few cents in the case of many leading issues.

Prices were trimmed for Bethlehem Steel, General Motors, Chrysler, J. I. Case, Philip Morris, and United Air Lines.

Higher were B. F. Goodrich, Zenith Radio, American Smelting, Allied Chemical and Nickel Plate.

Ohio Congressman Pleads Not Guilty To Salary Kickback

Washington, Dec. 21—(AP)—Rep. Brehm (R-Ohio) pleaded innocent today to seven counts of receiving illegal campaign contributions.

Brehm was arraigned before Federal Judge Edward A. Tamm, who set March 12 as the date for trial.

The Ohio congressman was released in \$1,000 bond.

His attorney, James F. Reilly, of allowed until Jan. 8 to file motions. Assistant U. S. Attorney Raymond Baker agreed and it was so ordered by the court.

Brehm was accompanied to district court by his wife and son.

NERVES?

Due to a lack of Vitamins B1, B2, Iron and Niacin!

Perhaps you are nervous, uncertain, tense, due to a lack of Vitamins B1, B2, Iron and Niacin in your system, like Mr. Charles A. Brown, 2804 Harrison, Kansas City, Mo.

Let him tell you how today's great Hadacol helped him by relieving the cause of his distress due to such deficiencies. "I am 50 years old and employed on a job that at times is very much a strain on the nerves. A year or so ago, I began to have backaches. I also seemed to wake up in the morning with a feeling as though I had a hangover. I have been taking Hadacol now for about 2 months, having finished one large bottle and starting on my second. I can truthfully say I haven't felt as good in ten years. Hadacol has been a Godsend to me and I highly recommend it for anyone who isn't feeling up to par."

Only Hadacol gives you that "Wonderful Hadacol Feeling"—trial size bottle only \$1.25; large family or hospital size, \$3.50. Recommended by many doctors, money-back guarantee.

Illinois Crop Value up Three Percent in '50

Springfield, Ill., Dec. 21—(AP)—The value of 1950 Illinois field crops was estimated today at \$1,162,000,000, or three percent above a year ago.

The figure was given by the State-Federal Agriculture departments in their annual crop summary.

Corn led all other crops in the value of production with 54 percent. The corn yield was 420,000,000 bushels, barely over the 1939-48 average and one fifth under 1949.

Soybeans were second with 19 percent, followed by oats with 12 percent, hay, eight percent; and wheat, five percent. Miscellaneous crops accounted for the other 2 percent.

The departments said 20,500,000 acres of field crops were harvested, one percent below the record high set in 1949 but nearly one million acres over the 10-year average.

Major crops all made larger than usual yields. The 95,000,000 bushel soybean crop was the biggest ever. Higher prices more than made up for 1950's smaller aggregate output.

Policy Racket In Chicago to Be Spotlighted

Chicago, Dec. 21—(AP)—U. S. Senate crime committee hearings in Chicago have touched off a "full scale" investigation of the city's multimillion dollar policy gambling racket.

The probe, started after witnesses told of the far-flung policy operations, already has landed in jail five of the alleged top gambling figures. All testified during the committee's three days of public hearings which closed last night.

A sixth witness, Ralph O'Hara,

key dinner which was given by the members of the Garden department of the Dixon Woman's club, at the Loveland Community House, Monday

a former official of a racing news service, was under federal indictment for refusing to answer pertinent questions. Federal marshals hunted him after the grand jury bills containing 17 counts, were returned.

Although many witnesses summoned were not called, Sen. Kefauver (D-Tenn.), committee chairman, said testimony demonstrated that "interstate crime to a great degree centers in Chicago."

Among witnesses not called during the public hearings, which followed an earlier closed session here by the committee, were several former members of the old Capone gang.

Continue Hunt

Kefauver said search will be continued for them as well as for other missing big name gangsters. They have been missing from their usual haunts for several months in an attempt to escape being served with a committee summons.

The committee's next hearing will open Dec. 28 in Tampa, Fla. Kefauver said he hopes the committee will hold hearings in eight or 10 cities in the next two months in its investigation of nation-wide crime rackets.

Hint Local Probes

Kefauver said that "some of the evidence produced at the Chicago hearings" should be sufficient for local authorities to begin investigations of their own.

State's Attorney John S. Boyle and Commissioner Timothy O'Connor, who sat in on the hearings, said they had started the "full scale" probe of the policy operations as disclosed by witnesses.

"This is the first break we've had—it's our first chance at the higher ups," Boyle said.

Take Nickel Bet

Testimony disclosed that the several policy wheels raked in some \$60,000,000 a year in bets ranging from a nickel up.

Two of the witnesses held in jail are the policy kings of the south side Negro district. They are Edward P. Jones, 53 and Theodore Roe, who are in partnership with three others in one of the city's biggest policy operations.

Police also seized two other policy wheel operators, Patrick Manno and Pete C. Tremont, after they refused to testify before the committee. Like O'Hara, they contended their answers might tend to incriminate them.

Later, police took into custody Ralph (Bottles) Capone, a brother of the late notorious Scarface Al. Ralph now operates a resort in Wisconsin. He also has refused to answer all the committee's questions. All five were held without charge. Roe and Jones are seeking their release on writs of habeas corpus.

The date on which spring arrives varies from March 19 to March 21.

Alaska Reindeer Hit by Epidemic Of Sore Hooves

Champaign, Ill., Dec. 21—(AP)—Sore feet on Alaska's reindeer resulted from an infectious disease the college of veterinary medicine, University of Illinois, said today.

A request was recently required from Bert B. Babaro, veterinarian of the Arctic Health Research Center, Anchorage, Alaska, to diagnose the ailing feet of the domestic reindeer herds. The animals reportedly were too footsore to search out their food.

From his description and two specimens of the feet he sent along, the college determined the disease was infectious pododermatitis. It could be cured by use of an antiseptic medicine obtainable in Anchorage, they added.

Charge UN Banned Film About Peace

Moscow, Dec. 21—(AP)—The Soviet press today accused the United Nations of suppressing a documentary film about peace.

The Soviet News Agency Tass said U. N. authorities banned the motion picture "Peace Must Come" after trying to edit the film into a "reactionary" document.

Plum Pudding Tops Dinner

PLUM PUDDING, dark and rich like fruit cake stands high and lordly on the groaning Christmas board.

By GAYNOR MADDOX

NEA Staff Writer

In the rolling foothills of the Berkshires, there's an inn where Christmas dinner before the log fire ends in a flaming plum pudding, dark and rich.

Dark and rich like fruit cake—that's how Rosamond Chapin makes it. She and her husband have turned the 18th century New Boston Inn into a haven for hungry travelers.

"Now some people prefer other ways of treating the Christmas pudding. But we drench it with rum, set the rum afire and bring it in glorious with flame and pungent odors," she reports. "Then there is our sauce—a foamy, wonderful business made with eggs valiantly spiked with light rum and brandy."

For other plum pudding tastes, the hospitable Chapins have another recipe. It's a little lighter and is served with a hard sauce milder in disposition.

Plum Pudding (14 to 16 servings)

Two cups sifted enriched flour,

1/2 cup sugar, 1 teaspoon soda, 1 teaspoon salt, 1 teaspoon nutmeg, 1/2 teaspoon cloves, 2/3 cup unsulphured molasses, 2 eggs, beaten, 1/2 cup shortening, melted, 1/2 cup milk, 1 cup chopped nuts, 2 cups mixed dried candied fruit, 2 cups raisins or currants.

Sift together first six ingredients. Add molasses, eggs, shortening and milk; mix thoroughly. Stir in nuts and fruit. Pour mixture into two greased, 1-quart molds. Cover with tight-fitting lid or metal foil. Steam 2 1/2 hours. If desired, steam 1 1/2 hours in individual molds (custard cups or gelatin molds). Serve hot with hard sauce, foamy sauce or whipped cream.

Molasses Hard Sauce (Yield—1 cup)

One-third cup butter or fortified margarine, 2 1/2 cups sifted confectioners' sugar, 2 tablespoons milk, 1 tablespoon unsulphured molasses, 1/2 teaspoon grated orange rind or 1 teaspoon vanilla.

Cream butter until fluffy. Add confectioners' sugar alternately with milk and molasses. Add orange rind or flavoring.

Held for Taking Shots of Nude School Girl, 14

Peoria, Ill., Dec. 21—(AP)—A 51-year-old "artist-photographer" is held under \$1,500 bond on charges of taking nude photographs of a 14-year-old Peoria high school girl.

Samuel F. Rowe was ordered

held to the Peoria county grand jury by Police Magistrate Charles Schofield at a hearing yesterday. He is charged with contributing to the delinquency of a minor.

Police under Lt. Stanley Mitchell of the juvenile bureau raided Rowe's studio yesterday and took both Rowe and the girl into custody. Finished photographs of the girl were submitted as evidence. Rowe, who calls himself an "artist-photographer," told Mag-

istrate Schofield he saw "nothing wrong" with the picture.

Lt. Mitchell also submitted as evidence nude photos of other women he said he found in Rowe's studio. The lieutenant said police also confiscated a dozen reels of "obscene" movies.

Pittsburgh Bishop In Grave Condition

Pittsburgh, Dec. 21—(AP)—Bishop Hugh C. Boyle of the Pittsburgh Roman Catholic diocese is in "very critical condition" at Mercy hospital.

"The Bishop's condition is grave, very grave," a hospital spokesman said early today. The spokesman declined to discuss the 77-year-old cleric's illness.

Germans May Demand Much To Aid Allies

The West German government at Bonn is expected to demand a stiff price for participation in the new international military organization under General Eisenhower for defense of the western world.

The German attitude is based on the admitted fact that not only is the Western Reich vital to the allies strategically, but German manpower also is needed. The allied plan has contemplated the incorporation of about 150,000 German troops in the defense army, but they would be divided into small groups of perhaps 6,000.

Allies Playing Safe
The allies of course have aimed at maintaining safeguards against a revival of German military power capable of aggression. There has been some talk of allowing the German representation on Eisenhower's staff, but they wouldn't have a general staff of their own or ministries of defense or foreign affairs.

However, the Bonn government, under Chancellor Konrad Adenauer, has been demanding full equality with other nations in the defense plans. Naturally the allies couldn't use compulsion, and they wouldn't wish to do so if they could. The Germans must act of their own free will.

Chancellor Adenauer has some strong arguments at his command if he chooses to use them. Not the least of these is that the Germans are among the world's finest soldiers. Their staff work is of very high order.

Fought Russians
However, the supreme argument lies in the fact that untold thousands of Germans, who would be available for military service, fought in the late war against the Russians.

These German officers and men know the Russian military methods and fighting ability as no other people do. That is an invaluable asset in view of the fact the defense army is being created to guard against possible attack from the east.

This would seem to be one of Chancellor Adenauer's most powerful arguments for concessions.

Christmas Ice Cream Ring

HOLIDAY EXCITEMENT: A Christmas Ice Cream Ring.

Here's really exciting Christmas dinner news—the most colorful and gayest dessert we've ever seen. It's a ring of rich cake with green pistachio frosting, with glossy brown chocolate dripped over the rim, filled with balls of ice cream and all decorated with red maraschino cherries.

Christmas Ice Cream Ring (Serves 8-10)

Two quarts vanilla ice cream (bulk), 3 cups all-purpose flour, sifted, 1 1/2 teaspoons baking powder, 1 teaspoon salt, 1 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1 cup butter, softened, 2 cups brown sugar, 4 eggs, 1/2 cup evaporated milk, 1/2 cup coffee, 1 1/2 teaspoons vanilla, 1 cup raisins, 1 cup chopped citron, 1 cup nutmeats, 1 recipe pistachio frosting, 1 cup dipping chocolate, melted, maraschino cherries.

Place ice cream in freezing compartment of refrigerator with controls set at freezing until ready to use.

To make cake: Sift dry ingredients together and set aside. Cream butter; beat sugar in gradually. Add eggs and continue beating until mixture is well blended. Combine evaporated milk, commences and vanilla. Add liquid and dry ingredients alternately (1/2 at a time) to the butter-egg mixture, beating well after each addition. Add raisins, citron and nutmeats. Pour batter into a low 3-quart ring mold, well buttered. Bake in a low oven (300 deg. F.) for 1 hour and 20 minutes or until a food pick, when inserted, comes out clean. Unmold and cool. Frost

the ring with Pistachio Frosting and decorate with melted dipping chocolate. Just before serving fill center of cake ring with scoops of vanilla ice cream and maraschino cherries. Serve at once.

Pistachio Frosting
One and three quarters cups sugar, 1/2 cup water, 2 tablespoons light corn syrup, dash salt, 2 egg whites, 1 teaspoon vanilla, 1/2 teaspoon pistachio flavoring, few drops green food coloring.

Cook sugar, water, corn syrup and salt over low heat, stirring until sugar dissolves. Cover 2 minutes and continue cooking. Uncover, raise heat slightly and boil mixture until it spins a 5 to 6-inch thread or is 242 deg. on a candy thermometer. Beat egg whites until stiff; gradually add syrup to beaten egg whites and continue beating. Add vanilla, pistachio flavoring and desired amount of green food coloring. Continue beating until frosting is of spreading consistency. Frost Christmas Ice Cream Ring.

INLAND PORT
Although Pittsburgh, Penna., is only an inland river port, it is larger than most of the seaports of the United States and handles more water-borne freight than Philadelphia, San Francisco, or Los Angeles.

BIOLOGICAL WARFARE
Biological warfare is the use of bacteria, fungi, and the toxic products of living organisms to cause disease or death in men, animals, or plants.

We're in a Crisis Involving Survival of Our Democracy; Why Not All Pull Together?

By JAMES MARLOW
Washington, Dec. 21—(AP)—You get a feeling here sometimes: "I wish I could pass a miracle so everything would go smooth and easy for a change."
But you know it never will, never quite.
This town lives on conflicts. The country's conflicts are concentrated here. In fact, that's what it's here for.
It's a combination forum-stage-soapbox-and-back alley where the brickbats fly.
The earnest people and the

windbags, the intellectuals and the crackpots. They all come here, with a cause or a grievance.
They make their pitch before a committee of congress or a government agency or they issue a statement.
In congress and out the Democrats and Republicans beat one another over the skull. That's as normal as rain.
Businessmen and labor leaders come here to pull and tug or plug for something special.
Lawyers, doctors, merchants, Indian chiefs and plain citizens

come here to protest, plead, urge, denounce, support or oppose.
Maybe all this rolls off your back in ordinary times if you live outside the capital and you're interested only in what concerns you directly.
Hits All of Us
But at this moment everything happening here involves everybody or soon will: taxes, draft, arms, price control, wage controls, civil defense.
So now you're paying more attention to the day by day events in Washington than you probably

ever did before war seemed so near.
And events here may worry you badly, seeing the conflicts, the arguments.
But if you just stop a moment and remember back to how it was before Pearl Harbor, it's like saying "This is where I came in."
There's a rumble of isolationism now, although not nearly so loud as before Pearl Harbor.
Business and labor are haggling with the government over price and wage controls. That went on all during World War II. You can expect it to continue.
Agree On Military
Now there's much less dispute—practically none—over the need for a large armed force. Last time the dispute on this was so

fierce that only a couple of months before Pearl Harbor it was nip and tuck whether we'd have a draft at all.
If you're nervous about bickering now, remember we had it during the last war and you can expect it all through the defense program and into the next war, if we get into one.
Buckering is normal in a democracy which is made up of people from many backgrounds, with a variety of social attitudes, economic drives and interests, and political views and ambitions.
All of them rub against one another and sometimes give off sparks. But they're part of the democratic process since it's through the expression of conflicting interests and ideas that

compromises are worked out to make living in a democracy possible.
And they're of the utmost importance to keep the government, no matter who or what party is head of it, from ignoring the wishes of the people and driving them down a road they never wished to travel.
Conflict is Normal
A certain amount of conflict is normal and essential so long as a democracy stands. Otherwise it wouldn't be a democracy.
But in the crisis ahead it will be the greatest test of the democracy whether these conflicts can be settled in a democratic way without splitting the country and making it an easy prey of an enemy.
Since this is a crisis involving survival of the democracy itself, it would seem common sense for the people who make up the democracy to keep their special interests within bounds and when necessary pool them in the general interest.

Amboy—The Amvet auxiliary held a family Christmas party at the Amvet hall Tuesday evening. They had a scramble supper and a Christmas gift grab bag. The children present received a gift and a box of candy.

Auxiliary Party
The American Legion auxiliary held their Christmas party at the home of Mrs. Roy Long with Mrs. Evelyn Weber, Mrs. Harry Longman and Mrs. John McGowan assisting.

There was a report of the food sale. The club voted to send a donation to the Illinois cottage at Normal. The poppy contest was discussed. A donation was voted for the Civic Betterment council.

Mrs. Fred Washburna thanked the ladies for their help when they assisted her at the Lee County Nursing home in making drapes.

A report was made on the box of gifts sent by the auxiliary to the veterans at the Dixon State hospital.

The next meeting will be the annual scramble dinner on Jan. 16.

Birthday Party
Jo Ann Zeigler celebrated her seventh birthday Friday afternoon when she entertained a group of her little friends at a birthday party at the home of her parents, Mr. and Mrs. Sheldon Zeigler. The guests were Nancy and Susan Demorest, Mary Catherine Sullivan, Susan Sullivan, Susan Spurlin, Susan Louise Isenberg, Joan

Penhall, Carolyn Leake, Linda Welty, and Jackie Dempsey.

Church Plays
The intermediate BYF presented a play, "Her Best Christmas," and the senior BYF presented "No More Room in the Inn" Sunday night at the First Baptist church. These two short plays were the features of the regular Sunday evening service.

Class Meeting
The Golden Rule class met Monday night at the home of Mrs. Mary Brown for a scramble supper. This was their Christmas party and after supper they exchanged gifts.

Christmas Party
The Past Matrons club held their Christmas party Tuesday afternoon at the home of Mrs. Warren Leake. Their hosts served them lunch, after which they played bridge and exchanged Christmas gifts. Mrs. Leake won high score, Mrs. Gertrude Tait won low, and Mrs. Robert Smith won all-out.

Bridge Party
Lois Ann Long entertained at contract Monday evening. The guests were Mrs. Francis Bybee, Nancy Nowe, and Beverly Strousa. Miss Nowe won high prize.

Burma Rebels Fight Against Government

Rangoon — (AP) — Daily gun battles between Communists and White Band PVO rebels are taking place in North Burma, according to the Burmese government. Each is apparently determined to exterminate the other.

There are now four White Band PVO groups. One has accepted the government's amnesty terms and is surrendering. A second has aligned itself with the government and has sworn to fight other rebel groups. The third has made an alliance with the Communists and will continue to fight the government. The fourth group has sworn to fight just about everybody.

GAS?

Due to a Lack of Vitamins B₁, B₂, Iron and Niacin!

Today thousands have relieved the cause of their stomach distress, gas, bloating, indigestion, heartburn, due to a deficiency of Vitamins B₁, B₂, Iron and Niacin, by taking Hada-col regularly.
Mrs. May Laney, RFD 5, West Point, Georgia, who was troubled by such distress, writes: "I have been sick for a good while suffering with my stomach. I couldn't eat, rest or sleep. I was so nervous and rundown. I heard about Hada-col and began taking it. I have taken 10 bottles and can eat most anything I want without suffering with gas in my stomach. I can't praise Hada-col enough. It has brought such relief to me. I wish everyone would try Hada-col that suffers with their stomach as I did."
Recommended by many doctors. Trial size bottle only \$1.25; large family or hospital size, only \$3.50. Only Hada-col gives you that "Wonderful Hada-col Feeling"—money-back guarantee.

Children Poisoned At Christmas Party

Eagle Pass, Tex., Dec. 21—(AP)—The Christmas party at little Quemado Valley school ended in an unhappy dash for hospitals when 58 small children were apparently stricken with food poisoning after partaking of refreshments.
None of the children were believed seriously ill, although all were held for observation last night.

Shoes shaped for right and left feet are only about 75 years old. Before that rights and lefts were identical.

TOP CAKE BAKER—Mrs. Peter Wuebel, left, of Redwood City, Calif., is given a check for \$25,000 by the Duchess of Windsor for winning the grand prize in the Pillsbury national baking contest at the Waldorf-Astoria Hotel in New York. Mrs. Wuebel holds a model of the complete General Electric kitchen which she also won for baking a prize-winning orange loaf "Kiss Me Cake."

Class Parties, Club Meetings In Polo Area

Polo—The annual Christmas party of Dorcas class of the Evangelical U. B. church was held Monday evening. Approximately 40 members and families had a Christmas scramble at 6:30, followed by the arrival of Santa Claus with gifts for all. Games were played and the devotional period was conducted by Mrs. Ray Kalas. The teacher, Mrs. Albert Summers, was presented with a gift from the group.

WSCS Meets
The WSCS of the Evangelical U. B. church met at the church for a Christmas meeting, followed by the business meeting and Christmas program. Instead of a gift exchange, the members contributed to a fund to be used to buy baskets for those less fortunate and help make a merry Christmas for them.

Go Caroling
The BYF of the Evangelical U. B. church had a caroling party Tuesday evening and sang to the various shut-in members of the congregation. There were approximately 20 in the group. Following the caroling they went to the home of Mary Jean Kalas to help her celebrate her birthday.

Holiday Shorts
The kindergarten, Polo grade and Polo Community high school groups started the holiday vacation Thursday. Due to the school vacation there will not be any catechism classes at St. Mary's church on Dec. 23 and Dec. 30. Confessions at St. Mary's church will be heard on Saturday, Dec. 23, from five until six and again in the evening, beginning at 7 o'clock.

B. M. Powell who recently submitted to major surgery at KSB hospital, returned home Monday. Mrs. George Bunnell returned home Monday from KSB hospital following surgery.

Mrs. Rose Rohrer submitted to surgery at KSB hospital Wednesday.

Church Notes, Yule Parties From Compton

Compton—Mr. and Mrs. Frank Davison, Waukegan, formerly of Paw Paw, will celebrate their golden wedding anniversary Dec. 23, from 8:30 p.m. to 1 a.m.

Open house will be held at the Johnson Motor Sea Horse club, 1411 Washington street, Waukegan. Friends are invited.

School Yule Play
Friday, Dec. 22, the Compton grade school will give four Christmas plays. The program will start at 1 o'clock. Everyone is invited.

Woman's Society Meeting
The Woman's Society of Christian Service met at the church parlors Wednesday afternoon, Dec. 13. Mrs. Mabel Cook led in devotion, choosing as her topic "Fear Not." Mrs. Elizabeth Weiler arranged and presented the Christmas program, assisted by two members.

Mrs. Cora Beemer read the Christmas story from Luke and Matthew. Mrs. Fae Richardson played records.

The society voted to contribute to the Winnifred M. Timmons Chapel fund and to the "Seward Emergency" (nurses home in Alaska), and to remember shut-ins with Christmas greetings.

Circle one will meet at the home of Mrs. Grace Johnson tonight. Circle two met with Lulu Richardson Wednesday. A dessert luncheon was served.

Hostesses for the afternoon were Hazel Kettley, Gladys Aughenbaugh, Milly Eddy, Elizabeth Weiler and Cecil Johnson.

U. S. Losses in Korea Heavy During Retreat

Tokyo, Dec. 21—(AP)—General MacArthur's headquarters said today American casualties in the worst fortnight of retreat in Korea totaled 11,314 killed, wounded and missing. It said other United Nations forces from abroad suffered 1,011 casualties in that period.

The total of 12,325 did not include Republic of Korea losses.

Headquarters said field commanders reported Chinese Red losses at a ratio of 10 to 1—a total of more than 120,000.

The period was dated Nov. 27—Dec. 12, but the total also included relatively small losses suffered during "UN probing attacks beginning Nov. 24."

The Defense Department announced Nov. 30 in Washington that American casualties in Korea since the war began had reached a total of 31,028, saying this represented all whose next of kin had been notified through Nov. 24. This indicated that American casualties through Dec. 12 were in excess of 42,000.

The Washington list showed 5,307 dead, 21,114 wounded and 4,611 missing. The new MacArthur headquarters summary today did not break down its casualty figures to show how many were killed, wounded or missing.

Hardest hit was the U. S. army Second infantry division which suffered 4,131 casualties during what MacArthur called the "repellent disaster period."

The second division played a major role in blunting the Chinese Red counter offensive on the northwest front.

Club Meetings In Scarborough

Scarboro—The Scarborough Ladies Aid society of the Evangelical U. B. church met Thursday at the church parlor for its December meeting.

After a business session and a gift exchange, the hostesses, Mrs. Holland Hardy, Mrs. Floyd Barnhart and Mrs. Leslie Bresson, served.

Mrs. Harvey Reitz, Mrs. Winnie Hill and Mrs. Mabel Thompson, Ashton, Mrs. John Willman, Mrs. Clarence Ackland, Mrs. Harold Kehm, Betty Ackland and Mrs. Wayne Hardy, Scarboro, were guests.

Thursday, Jan. 4, the society will hold an all-day meeting with a scramble dinner at noon. Officers for the coming year will be elected.

California Visitors
Mr. and Mrs. Russell Grove, Bloomington, Calif., have been visiting friends here. Mrs. Grove, a native of Ireland, visited her mother and other relatives, whom she has not seen since coming to America 20 years ago.

Scarboro Briefs
Mr. and Mrs. William Grove, daughters Bonnie and Mary, Paw Paw, and Mr. and Mrs. Russell Grove spent Monday evening at the John Grove home.

Mr. and Mrs. Harold Smith, Rochelle, were Scarboro visitors Saturday.

Willis Brei, Freeport, was a Saturday caller here.

Bernell Byrd, Rochelle, visited the Farmer's Grain elevator here Wednesday.

Charles Ross, Steward, called on friends here Friday.

Mr. and Mrs. Russell Grove, Bloomington, Calif., Charles Hiss, Mendota, and Mrs. John Grove called on Mrs. Gertrude Cook and Miss Florence Cook, Steward, Friday.

Dirksen Says It's Time to 'Clean House'

Springfield, Ill., Dec. 21—(AP)—Senator-elect Everett M. Dirksen said last night Republicans must "clean house of those who would take us down the suicide road."

This and other pledges made by the Illinois Republican state convention at Peoria last August must be redeemed, he told a state-wide GOP victory dinner celebrating Nov. 7 election successes.

"We promised to eliminate waste and extravagance and curtail non-essential spending," Dirksen said. "To this end the knife must go deep."

"We promised to halt the march of socialism. I have no doubt that under the cloak of the emergency there will be recurring efforts to socialize whole segments of American life," he said. "To thwart these efforts we must be vigilant and energetic."

"Above all," he went on, "we

A CHRISTMAS CAROL

Scrooge bounded out of bed to the window. "What's today, my fine fellow?" he shouted to a boy in the street. "Today," replied the boy. "Why, it's Christmas Day!"

Scrooge ordered the biggest turkey in history sent round to Bob Cratchit's house.

Meeting the two philanthropists, whom he had only yesterday pushed out of his office, Scrooge gave them a donation to charity that made their hands swim.

must set ourselves to the serious business of re-examining policies and programs in the field of foreign affairs."

Dirksen said Illinois Republicans are the "original re-examiners" because the August platform called for realistic reappraisal and

review of our "capacity, our policies, the degree of cooperation which we have received in return for the heavy burdens which have been placed on the American people."

He called for the GOP to build on the momentum generated in

last month and capture the presidency in 1952.

The \$10 a plate dinner was attended by about 500 persons. On the program with Dirksen were Vernon L. Nickell, State School Superintendent, State Treasurer-elect William G. Stratton and

Earle Benjamin Searcy, State Supreme Court Clerk.

Until modern times, the city of Bangkok in Thailand was built largely on floating pontoons or on piles along the river Me Nam and adjacent canals.

The typical raindrop shape is produced by air pressure. The raindrop would be a sphere if it were floating free in space or falling in a vacuum.

Universal Military 'Service' Is a Step in Right Direction; ALL Youths Would Serve

By PETER EDSON

Washington—First suggestion that makes any sense on what to do in the present international mess comes from Harvard President James B. Conant, Scientist Vannevar Bush, ex-Undersecretary of War Tracy S. Voorhees and some 20 associates. They call themselves "The Committee on the Present Danger."

The meat of their suggestion is that what this country needs right now, more than anything else, is a trained armed force of 3,500,000 men, built up by two years of universal military service.

This would not be the panti-waist program of six-months universal military training plus six months in the reserve or National Guard, as proposed for the last four years and consistently turned down by Congress. That would have been of some help if previously enacted. But it's too late for that now.

What this Committee on the Present Danger now proposes is

two years in the Army, Navy or Air Force for every young man in the country. This service would begin when the young man graduates from high school, or when he reaches age 18, whichever comes later. Even men who couldn't pass physical examinations would be called on for duty in clerical or non-combatant assignments.

U.M.S., or universal military service, would not immediately replace the present draft law and selective service system. The draft would still be necessary for men over 18 or 20, and to call back reserves as needed. Young men of exceptional ability discovered through U.M.S. would be given the opportunity for further technical and scientific training, possibly on government scholarships.

BOMB LOSING FORCE AS DETERRENT

Not all the details of this new plan have been worked out, but that is coming. It is perhaps unfortunate that as much of the plan as announced by Dr. Conant may have been buried or lost sight of in the more sensational things which Dr. Bush had to say about atom bombs.

Emphasizing that these are only his personal views, Dr. Bush

points out that while the atom bomb has been America's greatest protection against Russian attack, the ability to deliver that bomb against primary targets is gradually decreasing. Jet planes have proved powerful as interceptors. A radar screen makes detection of bomber planes easier. And while the United States has been building a television network, Soviet Russia has been building a radar screen.

These are things which military leaders should have been pointing out to awaken the country to its present danger. But the importance in what Dr. Bush has to say is in what can be done to correct this situation. This is to build up American manpower through some such plan as universal military service.

"We cannot plan to meet theordes of Red China man for man," says Dr. Bush. "We must therefore have in mind the necessity for arming with better weapons. And we must arrange that these weapons get developed and get used. But other means must be used if Russia is to be held in check—namely an army in being. This job cannot be done unless our allies in Europe do the same thing. They must therefore be aided with arms and equipment."

NO LEGISLATION YET

That is where the universal military service plan comes in. The idea for this plan is largely Dr. Conant's. He is trying not to assume credit for it, but it's his. He calls it the A. A. U. plan, for the Association of American Universities which has approved it. Among the members of his Committee on the Present Danger are the presidents of Brown, Princeton, Harvard, and others.

top, California, Washington, Williams and Missouri. Others include ex-Secretary of War Robert P. Patterson, former WPB counsel John Lord O'Brien, General Mills Chairman Harry A. Bullis, former Undersecretary of State Will Clayton. None of the members is actively in politics.

As to where the Committee goes with its plan, there may be some doubt. It has drafted a bill to carry out its ideas. It has not submitted its plan to the President. It has no backing in Congress, though if some congressman wanted to make a name for himself he could not do better than get behind this and push hard.

In getting behind any such drastic plan as universal military service, there must be full realization of what it means. If all manpower is to be drafted, business must expect the same thing.

"This country must expand the program for equipment and supplies far beyond goals already announced," says the Committee's statement. "It will require submission to economic controls far more exacting than those now in effect. The doubt is not whether it is arduous enough. It is, in our judgment, the only chance of averting a war of world dimensions, or of assuring victory, if, in spite of our efforts to maintain the peace the Soviet Union insists on World War III."

\$100,000 Princeton Estate to Cousins

Keweenaw, Ill., Dec. 21.—(AP)—Two cousins of a retired Princeton jeweler will share his \$100,000 estate, the Bureau county court disclosed yesterday.

The retired jeweler, Harry N. Leiberger, a bachelor, lived simply and gave no hint of having wealth. On Oct. 13 he was found shot to death in his apartment. A coroner's jury ruled the shooting was suicide, motivated by failing health.

His will left his estate to Clifford Whitney, a cousin, of Oxford, Mass. Because Whitney is dead, the estate will go to his two children, Lyle Clifford Whitney, 29, and Janet Mae Whitney, 13, of Route 1, Putnam, Conn.
